Mayor Message

Over the past several weeks, we have noticed many residents taking the time to clean up and improve their yards, and it is truly starting to make a difference throughout our community. We want to sincerely thank everyone who has put in the effort to help keep our town looking its best. Your pride in our community shows, and it is appreciated.

We would also like to provide an update on the Scoresby water line replacement project. The project is nearing completion, and we want to extend our thanks to the contractor and especially to the residents who were affected by the construction. We appreciate everyone's patience and cooperation during this important improvement project. The end result will benefit our community for years to come.

City of Iona Yard Sale THIS WEEKEND

We will be having a **Community Yard Sale on Saturday, June 6th 8am-2pm.** We do the advertising, you do the rest. We will post addresses on June 1st for those who have signed up. However, it's not too late to still put your things out on the same day! With lots of traffic, people will be circling Iona for homes participating. It's also not too late to have a booth in the park! Contact the City Office to register.

Splash Pad Opening

The Splash Pad at Pioneer Park will be open on Monday, June 1st, 2026. It will be open 7 days a week from 11:00 am – 7:00 pm. The Splash Pad is first come, first serve and does not take reservations. If you have any questions about the Splash Pad, please call the City Office.

Public Works

Water Conservation

In order to continue to provide efficient water service and water pressure to our customers, it is necessary to implement a restriction for outside watering of lawns and landscaping. Outside water use will be limited as follows: if your address ends with an odd number (ex. 245) you are allowed to water on Monday, Wednesday, and Friday. Those with an address that ends with an even number (ex. 356) should water on Tuesday, Thursday, and Saturday. On Sunday, please limit your watering to the bare minimum. We are getting into the hot and dry months. It will help the City to conserve water, keep costs down, and provide better water pressure to every resident. Thank you!

Public Hearing

No Scheduled Hearings

We currently do not have any scheduled Public Hearings for June. Please check the website for any updates on Public Hearings and City Council Meetings.
